

HARIOM KARANDE

Aspiring Software Developer | Full Stack Developer

Ahmedabad, Gujarat | 9662873287 | hariomkarande20@gmail.com | [linkedin.com/in/hariom-karande-761272365](https://www.linkedin.com/in/hariom-karande-761272365) | github.com/hariom-karande

PROFESSIONAL SUMMARY

I'm a passionate and detail-oriented Software Developer skilled in Java, Spring Boot, React.js, Python. Experienced in developing web applications and implementing scalable solutions through practical projects, with a strong focus on writing clean, maintainable code. Known for my problem-solving mindset and curiosity, and familiar with Git, Docker, Terraform and AWS for version control and cloud deployment. A quick learner with a strong foundation in Data structures, DevOps basics, and Agile practices, eager to contribute to real-world software development. I thrive in collaborative environments and continuously seek opportunities to learn new tools and technologies to build better software.

SKILLS

Technical Skills: Java, JavaScript, Python, React.js, Spring Boot, Node.js, PHP, C#, HTML, CSS, Bootstrap, Tailwind CSS, MySQL, MongoDB, Oracle Database.

Tools & DevOps: Git, Docker, Jenkins, Terraform, AWS, Postman, Kali Linux

Other: Agile Basics

PROJECTS

InternHub – Smart Internship Portal

React.js | Java Spring Boot | MySQL

- Developed Built a full-stack web platform connecting students with On-Campus Placement opportunities, featuring role-based access for students and recruiters.
- Developed REST APIs using Spring Boot for internship listings, applications, and profile management.
- Designed a responsive React.js front-end with dynamic search and filter functionality for internship listings.
- Integrated MySQL database for structured storage of user profiles, applications, and internship data.

Food Delivery System

PHP | JavaScript | MySQL

- Built a web-based food ordering platform with user registration, menu browsing, and order placement features.
- Designed a relational database schema in MySQL to manage users, orders, and restaurant data.

Movie Recommendation System

PHP | JavaScript | MySQL

- Developed a recommendation system suggesting movies to users based on preferences and ratings.
- Implemented dynamic front-end interactions using JavaScript for a smoother browsing experience.

Student Management System

PHP | JavaScript | MySQL

- Built a system to manage student records with add, update, delete, and search functionality.

EDUCATION

Master of Computer Application

Sardar Vallabhbhai Global University – CGPA: 8.5

Aug 2025 – Present

Bachelor of Computer Application

Silver Oak University – CGPA: 8.92

Aug 2025 – May 2025

CERTIFICATION

- Open Source Software Security — Linux Foundation (OpenSSF)
- Java (Basic) — HackerRank
- Introduction to DevOps — Great Learning
- Frontend Developer (React) — HackerRank
- Problem Solving (Intermediate) — HackerRank
- C# (Basic) — HackerRank
